## Fifth Sunday of Easter

Have you ever visited a vineyard, with its rows of vines, heavy with clusters of ripe grapes? If you're not familiar with vines, think of an apple tree laden with apples, or a fruit bush ripe for picking. In today's Gospel, Jesus uses the metaphor of a vine to describe his relationship with his disciples. He tells them that he is the vine, and they are the branches. The life of Jesus flows into us and sustains us, and this is the reason our lives can bear fruit in love, in kindness, patience, compassion and welcome.

The symbolism of the vine works on many levels. If a branch is separated from the vine, it cannot flourish on its own. It must be connected to the vine from which it gets its nourishment. Each of us must be firmly rooted in Jesus and nourish that relationship. He invites us to 'remain' in him - to rest in him, to be part of him. And if you look at a vine plant, often its branches are so entangled, it can be hard to know where one ends and another begins. We note that Jesus is addressing the disciples as a group rather than as individuals: 'you are the branches'. We are a community, and we grow together, bound together by the love of God. Today, we reflect on what it means to be so intimately connected with Jesus, the true vine. We bring to mind the many gifts he has given us, and the ways in which his love bears fruit in our lives.

### Fifth Sunday of Easter

In a relationship, connectedness is important. Relationships cannot be taken for granted and need time and care to be life-giving. What does your experience tell you of the truth of this in your relationships, with God, with your friends, with your family, with communities or groups to which you belong? Over the past year our usual relationships have been disrupted by coronavirus restrictions on social gatherings. How has this impacted on your family, parish, and other groups to which you belong? What creative ways have you, and others, devised to keep your social life alive? In THE JOY OF THE GOSPEL Pope Francis wrote 'I invite all Christians, everywhere, at this very moment to a renewed personal encounter with Jesus Christ.' He goes on to suggest that when individuals, or groups, focus on Jesus there is an increase of energy and vitality. Have you seen this happen? The parable also reminds us that we are not the source of our own life. It is a gift from God, from our parents, and from all who have nourished us. Give thanks for those who have been a source of life for you.

A QR code (short for "quick response" code) is a type of barcode that contains a matrix of dots. It can be scanned using a QR scanner or a smartphone with built-in camera. Once scanned, software on the device converts the dots within the code into numbers or a string of characters. For example, scanning a QR code with your phone might open a URL in your phone's web browser. This QR code on our parish bulletin and on our website can be used to donate money to our parish. This is another way of assisting people to donate online. Thank you for your generosity and support.
